#CH1503CD - \$19.95

The setting of this story is in the time of the Reformation. This is an excellent way for children and adults alike to educate themselves about the persecution the Anabaptists endured for their faith in God. A surprise visit from their relatives was only the beginning of changes for the Jansen family. Uncle Sigmunds had been stoned out of Munster. Their baby was not baptized. They had adopted the terrible beliefs of the Anabaptists. This meant they must not be sheltered or fed by an upstanding Catholic church family. This brought agonizing decisions to each member of the Jansen family. While they struggled with the situation, rumors floated about. Neighbors melted discreetly out of their lives. Finally, the day came when Father needed to answer the charge of heretical beliefs before the priest at church. The story of the early Anabaptists as told through the experiences of the children.

## ***In God We Don't Trust, David Bercot***

**#BSP1010 - \$11.00**

Here is the compelling narrative of the founding of America - told from a perspective that few people have ever heard. The perspective of the Kingdom of God. Did the early American colonist's really trust in God? Did they follow the teachings of Roman's 13... "whoever resists the authority resist's the ordinance of God."? America is a wonderful country, so this is not an anti-American book, but a pro-kingdom book. This book is the product of 9 years of well-documented research which challenges much of what is taught in our schools about the founding of America. It is very easy and understandable reading. I would highly recommend it for anyone.

*Softcover, 320 pages*

## ***Will the Theologians Please Sit Down, David Bercot***

**#BSP1007 - \$10.00**

When Christianity was young, the focus was on Jesus Christ and His Kingdom - not theology. To be sure, there are foundational doctrines that Christians have always considered essential to the faith. But somehow the things considered essential have grown from a few sentences to a long list of theological tenets, many of which were unknown to the early Christians. In the beginning, Christians understood that the essence of Christianity was an obedient love-faith relationship with Jesus Christ. This was not just any relationship, but a relationship that produced genuine kingdom fruit.

*Softcover, 199 pages*

## ***Plain Speaking, David Bercot***

**#BSP1008 - \$8.00**

Although many books have been written about preaching and teaching, most of them are addressed to seminary-trained pastors. They're not aimed at the churches that don't use professionally schooled ministers. That's what is different about this book. The New Testament Christians had no seminaries, but they raised up effective preachers and teachers. The Holy Spirit can use ordinary Christian men today to preach and teach - just as He did back in the first century. Plain Speaking takes the reader through all of the steps of developing and delivering effective sermons and devotional messages. Some of the topics covered are: Choosing the right topic - Building your sermon - Preparing rousing introductions and conclusions - Controlling speaker's fright - How to make your devotionals special. *Softcover, 152 pages*

## ***Will the Real Heretics Please Stand Up, David Bercot***

**#BSP1002 - \$10.00**

This is the book that launched Scroll Publishing Co. A fascinating overview of the early Christians (A.D. 90 - 299): Who they were. How they lived. What they believed. And how the Christianity of that era was lost.

Penned in a free-flowing readable style, combined with sound scholarship, this eye-opening book challenges Christians today to return to the simple holiness, unfeigned love, and patient cross-bearing of the early Christians.

## ***Let Me Die in Ireland, David Bercot***

**#BSP1003 - \$9.00**

Practically everyone in the western world has heard of the man known today as St. Patrick. Yet, hardly anyone knows anything about the real man. About the only two things that most people "know" about Patrick is that he was Irish and that he was Roman Catholic. In truth, however, he was neither one.

*Let Me Die in Ireland* cuts through all of the myths about Patrick and presents a dramatized biography of the authentic Christian missionary, Patrick. The story of the real man is far more exciting and inspiring than any of the myths about him. Patrick was one of the greatest missionaries of all time and a true man of prayer and integrity.

## ***A Change of Allegiance, Dean Taylor***

**#BSP1009 - \$10.00**

What should a Christian do with Jesus' words "love your enemies"? Is it right for a Christian to go to war? Doesn't a Christian have an obligation to defend his country? Dean Taylor and his wife Tania were both in the US Army when they realized that, as committed Christians, they had to come to grips with these questions. In a new and sincere quest for truth, they were determined to follow Jesus Christ under the banner of "no compromise." As they began to search the Scriptures and church history, they came to the startling discovery that the Christian Church originally was uniformly opposed to Christians going to war or joining the military. In *A Change of Allegiance*, Dean Taylor takes the reader on a moving journey through the Scriptures, Christian history, and his own life's story as he demonstrates the incompatibility of Christianity and war. Ultimately, Dean Taylor challenges his readers to consider where their allegiance truly lies. *Radical Reformation Books, Paperback, 224 pages*

## ***The Kingdom That Turned the World Upside Down, David Bercot***

**#BSP1001 - \$10.00**

If someone were to ask you what was the theme of Jesus' preaching, what would be your answer? Man's need for salvation? God's love for mankind? The new birth? To be sure, Jesus spoke about all of those things. And they're all essential truths. But none of them were the theme of His teaching. The theme of Jesus' message was the kingdom of God. In *The Kingdom that Turned the World Upside Down*, David Bercot takes the reader back to Jesus' teachings of the kingdom—teachings that have too often been forgotten. Bercot describes the radically new laws of the kingdom and its upside-down values. There's no room in Christ's kingdom for superficial Christianity, for this is a kingdom that has historically turned the world upside down.

## ***Intimacy With God, Clement of Alexandria***

**#BSP1005 - \$8.00**

Clement of Alexandria was one of the outstanding teachers of the second century church. After his conversion, Clement traveled throughout the ancient world to learn Christianity first hand from the most respected teachers of his age – men who taught me deeds, not just words. Eventually Clement settled in Alexandria, Egypt, where he was appointed to mentor new Christians. *Intimacy With God* is a collection of Clement's godly insights on what it means to know God and to walk with Him closely. This book is divided into two parts. Part One focuses on the day-to-day walk of a person who knows God intimately. Part Two of this work focuses on the issue of wealth and how it can affect our relationship with God. Clement analyzes Jesus' words to the rich young man and demonstrates their true meaning. The book closes with Clement's account of the apostle John in the last years of his life and how he brought a robber back into the fold of Christ.

# **Psychoheresy Awareness Ministries**

## ***Christ-Centered Ministry vs. Problem-Centered Counseling,***

**Martin & Deidre Bobgan**

**#BPAM1001 - \$12.00**

The purpose of this book is to reveal the origins and faults of problem-centered counseling, to describe Christ-centered ministry and how it differs from problem-centered counseling, and to encourage local congregations to minister as God has called them to do without the influence of the psychological or biblical counseling movement.

*Paperback, 135 pages, EastGate Publishers*

## ***The End of Christian Psychology, Martin & Deidre Bobgan*** **#BPAM1002 - \$14.00**

"Christian psychology" is comprised of the same confusion of contradictory theories and techniques as secular psychology. Professional psychologists who profess Christianity have simply borrowed the theories and techniques from secular psychology. Professional psychotherapy with its underlying psychologies is questionable at best, detrimental at worst, and a spiritual counterfeit at least. The purpose of this book is to demonstrate the truth of that statement and to raise the challenge of purging the church of all evidences of this scourge.

*Paperback, 290 pages, EastGate Publishers*

## ***Competent to Minister, Martin & Deidre Bobgan***

**#BPAM1003 - \$14.00**

**The Biblical Care of Souls.** This book calls Christians back to the Bible and to the biblically ordained ministries and mutual care in the Body of Christ that have effectively cared for souls for almost 2000 years.

*Paperback, 251 pages, EastGate Publishers*

## ***Psycho-Heresy, Martin & Deidre Bobgan***

**#BPAM1004 - \$15.00**

This is a book about Christianity and psychology. It examines four commonly-held myths about psychology. The Bobgan's analyze attempts to integrate psychology with the Bible. They reveal research exposing the fallacies of psychological counseling. Forward by Dave Hunt.

*Paperback, 259 pages, EastGate Publishers*
